MONTHLY NEWSLETTER

Aloha Caregivers,

We are excited to launch a new software, Storiicare. Storiicare provides care coordination and activities management software to provide your loved one with the highest quality, person-centered care. Storiicare offers a portal for family members to interact with the staff and share updates, giving you peace of mind and a way to stay connected. Storiicare will streamline our operations and automate many of our processes so that we will have even more time to care for your loved one.

I first learned of Storiicare at the National Adult Day Service Association Annual Conference in 2023. We returned to the NADSA conference last year, and our team was completely sold on moving forward with Storiicare. Since September, our team has worked diligently with the board of directors and the Storiicare team to ensure our launch in April is smooth and successful. I recognize that this may be the first time you have heard about Storiicare. And with that, you may have a lot of questions. You should have received a packet in the mail explaining more about these changes and the next steps. If you have any questions or concerns, please get in touch with me.

On a different note, I encourage you to join us for our upcoming Respite sessions. We are privileged to offer two sessions this month. Coach Arliss will be leading a discussion on "Understanding and Managing Anger and Frustration." For the second session, we have partnered with AARP to present a special film screening titled "Taking Care." This film provides an intimate look into the life of a caregiver, featuring the personal story of Comedic actor Seth Rogen. Please contact Sam, our Development Coordinator, to reserve your seat, as space is limited.

Mahalo for your example of resilience and compassionate care. We are so grateful to walk alongside the caregiver journey with you.

Mahalo nui loa,

Andrea Wernli
Executive Director

February 2025 Recap

Remembering Thru Music

"May the mind and heart be opened once again"

Remembering Thru Music is a community-based, non-profit program, based on the Big Island of Hawai'i that focuses on improving the lives of individuals diagnosed with Alzheimer's disease and other forms of dementia through a personalized music. Jen McGeehan and her team of volunteers will provide each participant with a personalized selection of songs on an MP3 player to enjoy during activity time at HIAC, and even in the comfort of their own homes. Our hope is that our caregivers will join them in this music activity, as we believe this would be a great time to recollect and share memorable life moments with one another.

For more information on how to apply for this program, please contact Jamie at (808) 480-3723, or email at jamie@hawaiiislandadulthoodcare.org.

EMPLOYEE OF THE MONTH

Virginia "Virgie" Bly

March 2025

Working at HIAC since July 31, 2006

What do you enjoy about working at HIAC?

"This is my second home and I like to see all the kupuna smile."

What advice do you have for your team?

"Be patient and try to be good to each other; don't think negatively but think positively."

What people are saying about Virgie?

"She loves her job and shows it. Virgie is extremely creative and talented. She is compassionate towards our kupuna. She is very sweet and has a genuine personality."

Caregiver Connections: Resources & Services

Aloha Caregivers,

Did you know that National Caregiver Appreciation Day is observed annually on March 3rd? On this day, we honor, appreciate, and celebrate the over 43 million caregivers' nationwide for the selfless acts of kindness and compassion you give each day. Providing support to caregivers is truly the heart of our mission and we recognize the many challenges that come with caring for a loved one. Short term counseling is one way to connect caregivers like yourself with the support and encouragement needed to enhance coping skills with the goal to improve and maintain your social and physical well-being. HIAC provides both individual or group counseling sessions that are confidential, safe, and in a comfortable relaxing environment. I encourage you to reach out today and look forward to the opportunity to provide you the much-needed support as you navigate your caregiver journey.

Mahalo,
Cheryl Dias, MSW

Family Caregiver Counselor
PAC Trainer

Location: HIAC Conference Room

(No RSVP necessary!)

Caregiver Support Group with Maile Young

March - No Group Scheduled

Next Month- Thursday, April 17, 2025

Positive Approach to Care (PAC)

We are happy to share that our HIAC Team continues to provide staff development PAC trainings that include simple techniques based on understanding the areas of the brain that are no longer working while making use of the parts of the brain that are still active. Our goal is to develop a partnership between you (the caregiver), and the person receiving care that involves active listening, empathy, effective communication, and teamwork, while utilizing the person-centered care approach through ethical practice and enthusiasm. Our hope is to improve participant satisfaction, better well-being, increase involvement, and stronger connections.

For more information contact: (808) 480-3725 or by email at cheryl@hawaiiislandadulthoodcare.org

Caregiver Respite

February Recap: Paint with Joy!

Guided Paint with Joy Tassillo, Activities Coordinator

Caregiver Respite Saturday, every third Saturday of the Month from 9 am to 1 pm.

We offer light breakfast and lunch, and host a variety of workshops and activities for much needed respite time.

In February, our Activities Coordinator, Joy Tassillo, shared her gift of art with our caregivers. Joy instructed a guided painting workshop. Joy used acrylic paint and canvas to create a beautiful scenery of a cherry blossom tree with Mauna Kea and Mauna Loa in the distance. One of the many unique landscapes of the Big Island. Joy coordinates the program activities for our kupuna at HIAC. She is gifted in teaching art and recreational activity, and shows patience and thoughtfulness in carefully planning engaging activities for each participant. Cheryl is our Positive Approach to Care (PAC) Certified Trainer and Joy is our PAC Certified Engagement Leader. Cheryl, Joy and our HIAC PAC Team use their specialized training to enhance purposeful, and more intentional activities that cater to those who have brain change.

To sign up and reserve your spot at the next Respite Saturday event, contact Samantha (808) 480-3733 or email development@hawaiiislandadulthoodcare.org.

We look forward to seeing you at our next respite on Saturday, March 15, 2025! (See March Respite flyer)

Health Benefits of Painting with Cheryl Dias, Caregiver Counselor:

Key benefits include:

- 1) Improving concentration
- 2) Sharpens fine motor skills
- 3) Great way to relax
- 4) Boosts creativity
- 5) Non-verbal communication

CAREGIVERS ON SCREEN

TAKING CARE

FREE Film Screening and Community Conversation

Taking Care was directed and produced by the award-winning filmmaker James Keach, with executive production by Lauren Miller Rogen and actor Seth Rogen. The film shares the deeply moving story of Lauren and Seth's courtship and marriage, intertwined with their families' experience navigating the challenges of Lauren's mother's early-onset Alzheimer's disease.

Enjoy sweet and savory treats.
